

Embassy of India
Sana'a

NOTICE FOR PASSPORT & OTHER SERVICES:

The Embassy has noted that many Indians nationals have been facing difficulties due to non-start of the regular passport, and other consular services. Some Indian nationals have proposed to the Sana'a Office that after submitting their passport application to it, they can themselves send the physical application through DHL to Camp Office in Djibouti for further processing. However, in this case; the passports after being prepared in India would be sent to Sana'a Office; which will be required to be sent to Camp Office in Djibouti for signature and stamping. Therefore, currently it would not be possible to accept regular passport and other consular services applications till the regular UN flights resume between Sana'a and Djibouti and vice versa.

The Indian nationals should not worry if there is some delay in renewal of their passports; and they can renew or avail of the services when started.

However, in case of any serious emergency situation where the Indian national cannot postpone going to India and needs to renew his passport immediately, the concerned person should forward relevant emergency documents to the following email IDs to find a solution: -
